

Directions to UC Davis – UC Conference Center (Ballroom A + B) for Better Process Control School

Feb. 13th – 16th, 2018

Driving east on Interstate 80 from the San Francisco Bay Area or driving west on I-80 from Sacramento, take the **UC Davis exit** north onto Old Davis Road to the campus.

Continue on Old Davis Road; you will pass a small information booth, vineyards, and the orange Robert Mondavi Institute building complex. You can either turn right on Hilgard Lane to access the Gateway Parking Structure or the surface Visitor Lots (all circled in red), or you can continue through the stop sign to the smaller parking lot by the Welcome Center (which may be full). These parking areas are connected; you can park anywhere that Visitor Parking is allowed. You will be walking about a block from the main parking area to the Conference Center.

Please place your enclosed Visitor Parking Placard on your driver's side dashboard.

The UC Conference Center is circled in red, near the upper right corner of the map. Please park in Visitor Parking Lots 1 or 2, or the top level of the Gateway Structure; your Visitor Parking Placard is enclosed.

Please remember to place it on your dashboard on the driver's side.
